Anna, who grew up in an indigenous village in the mountains of Guerrero, Mexico, speaks two Native American dialects and Spanish. She is now studying English. Anna differed from the other children born in her village. All her life, She has wanted to look like other people, but because she was born without a right eye, she has had to keep the right side of her face covered up in shame with her hair. Anna has always desired to see her reflection with two eyes. Her dream was to get a prosthetic eye some day. I told her several years ago that I would do what I could to help her; now everything is falling into place.

We are very encouraged that Anna’s dream will now come true. We have found a hospital in Guadalajara that specializes in prosthetic eyes. She will begin her preliminary treatments and preparations this month, January 2026, after applying and being accepted into the program. In Anna’s particular case, this will require multiple surgeries over a two-year period and regular hospital visits to Guadalajara for a minimum of every two months. Anna requires financial help for the prosthetic eye and medical care. She is humbly seeking your help and participation in meeting her unique medical needs. Would you help Anna?

Our Vida staff and I highly recommend Anna, 27 years old, a faithful volunteer at our Mezcales Community Center. She has a servant’s heart and works in cleaning, cooking and serving where needed. She has a loving heart and a sweet spirit.
