Lee & Josue working on Homework

It's amazing how some yarn, a simple weaving board and a crochet hook has generated so much good will and excitement among the children. We have had record cool evenings and the scarves that are being made are being put to good use. The children are thrilled as they are learning new skills and enjoying a sense of achievement as they revel in their accomplishments. When I pass by their homes, their faces light up with smiles as they ask me to wait so that they can show off their scarves. Those scarves are warm-n-fuzzy and so beautiful and colorful. The kids are really doing a great job and now they are asking me for more yarn so that they can make knit caps and shoulder wraps.

Moral has been soaring with happy hands and hearts. The mothers and even a Dad are making scarves too. This project is drawing us closer. You could say that we are becoming a "Closely Knit" community. We all want to thank you for sending yarn and for supporting this work with your prayers & offerings.

Sunday night children's church is exciting as the children are learning about the Lord and learning to praise Him. We need to get the electric in the new addition because we're working in the dark! The community is also in the dark, because all the street lights are out. All the streetlights are out except

Showing off their scarves!

one that is... The only street light that shines is the one in front of our Ministry Base. Jesus Christ is truly the Light of the World, and He is shining as a light in our Community! Thank you for making this possible.
