6 month old Victoria vomited parasites all night.

A record low of 42 degrees in January afflicted our needy children with sickness. Accustomed to living in a warm climate. Many suffered exposure to the frigid weather. Some of our children sleep on dirt floors. Others do not have blankets or warm coats. Some of their cardboard homes have leaky roofs. Lupita, Oscar, Remigio, Nayelie and Marisol became very sick due to the extreme change in weather. Toña became afraid when her 3 year old daughter Marisol was struck down with high fever and convulsions. We prayed for her and provided for a doctor's visit and medicine. Now this child is healthy once again and back with us attending her kinder class.

Olivia's children have been very sick, Victoria, Karla and Hector had hacking coughs, sore throats, and were burning up with fevers. Six month old Victoria's little stomach was bloated and packed full of parasites. Her mother said the baby was vomiting worms all night long. The doctor said that she was very sick. LSMI was able to provide for the Doctor's visit, medication and vitamins that were prescribed for this baby and all the members of her family. Celia, Oscar, Lucero, Karla, Poncho, Hector, Mom and Dad, the entire family is now looking, feeling and eating better.

LSMI wants to expand on going medical care to many poor children and their families. We want to provide what ever they need to stay healthy Body, Soul and Spirit! The three primary goals of our Medical Assistance programs are to

Lucy reading Bible Stories to the Children

provide: **1. Medical Dispensaries;** **2. Doctor visits along with Prescription drugs;** and **3. Emergency, Surgery and Hospital assistance.** In other words, we will do whatever we can with what God's people provide.

We want to express deep heart felt gratitude on behalf of the children and their families we serve. Thank you for your prayers and provision. Your mindfulness, intercession and gifts are changing lives! Thank you for partnering with us. The truth is, our medical assistance program has just begun. I do not like to turn away a mother coming to us for help. Will you reach out to sick and suffering children today?

Together we are Life Savers!
