The children in 'Cardboard Landia' told us that the chicken hurt their stomach. Was the meat spoiled? No. They are not used to digesting any kind of meat. They live on sugar... cokes, candy and potato chips. It is so much easier to give the kids a few pesos and let them run down to the corner shack to buy junk snacks than it is to labor over an open fire boiling rice and beans, and serving them on tortillas. Poor and wretched as these families are, these children need to eat healthier. The kids come at 10am on Saturday mornings for a Bible lesson and eat a little meal cooked on a rusted out broken down stove. I have been burdened for many years to help feed the children of 'Cardboard Landia'. It is time to act. Let's Just Do It! It is time to make a difference in these little lives. Let's help break the strong hold of poverty.

We want to labor alongside one of our affiliate Vida churches, Tierra Santa founded and pastored by Filiberto Delgado, to reach the children in their community for Christ's sake. We want to build a kitchen and supply room equipping a Children's program with tables and supplies and help extend their Children's program more days during the week. We want to teach them English so that they can get better paying jobs. It will take some dedicated prayer. I estimate it will cost about 10k to get this ministry up and running. After the initial build out we will need on-going support to feed the kids body, soul and spirit. Many of the families that these children come from are dysfunctional due to alcoholism, drug addiction along with prostitution, unemployment and under-employment. Some of the children are physically and emotional abused. We are taking a holistic approach as church members make home visits and give counsel on raising kids along with inviting the families to church. Together we can make a difference!

Together we are Life Savers,
