Cuba- The Bishop of the Methodist Church of Cuba, Gustavo Cruz, a dear friend of mine, had a stroke paralyzing his left side. He survived two brain surgeries in Cuba. The room in which he was operated was hot and humid, full of flies with a dusty fan circulating minimal air.

He came to Houston to receive physical therapy and further treatment. The American doctor said that the Cuban doctors had done an

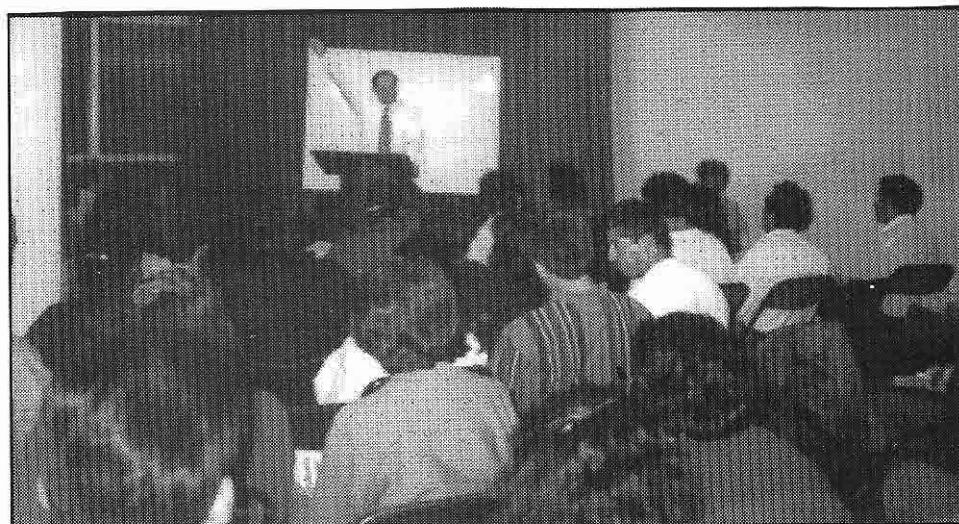

excellent job in removing the blood clots in his brain, but due to the fact that he had gone literally months without therapy, his chances of regaining the use of his left side were greatly reduced.

We were moved by compassion to reach out to our friends in their time of need and through your contributions we gave Bishop Cruz and his wife a love offering of \$200. We also gave them a video training course and a VCR. I have seen their home in Cuba and they do not even have sheets for their beds. Pray for his recovery.

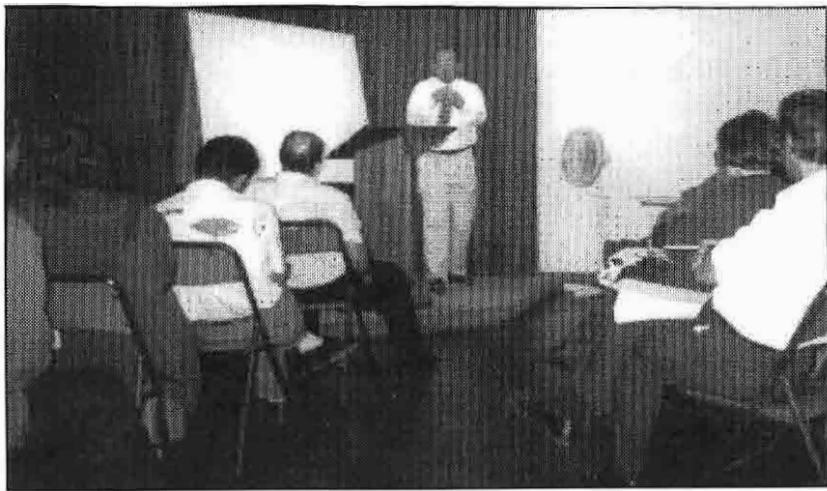

Lima, Peru - Imagine giving a 2 hour lecture at a Bible Institute and after you were finished, the students were not. They had questions and prayer requests and reminded me of hungry puppies pressing one in front of the other, trying to lap at a bowl of warm milk. They were thirsty for God's word, looking for answers and wanting to be prayed for.

The thing that inspired me the most was that the majority of the first year students would come up to me and after telling me their names, they would say something like this; "I'm a new Christian, I'm only a couple of months old in the Lord." Every time I heard a student tell me "I'm a baby Christian", I'd just want to shout, "Yes! Lord you were right, these video training courses are making a tremendous impact!" I thank God for Pastor Caesar O'Campo for founding Faith Bible Training Center (Centro Entrenamiento Biblica de Fe) which is discipling Catholics, Baptists, Pentecostals, and Charismatics.
