All in a day's work... People ask me what a typical day looks like. Well every day has it's challenges and it's opportunities to reach out and help others. Opportunities abound! On the average day either the car or the van breaks down. This allows me to take a vehicle to a shade tree mechanic shop where at some point I share the Lord. Recently, a mechanic was telling me that I was a good person because I was helping a lot of people and he asked me why was I doing it? I told him that it is because God is love and not because I'm a good person. I told him that only God is truly good and all my good deeds are like filthy rags. By this time, other mechanics began to drop their tools and gather round as I got into a preaching mode and shared from the heart.

An elderly lady brought a woman from across the highway to my door to help her with a medical need. Josephine identified herself as a Jehovah Witness and she said she didn't know if I would help her or not. I asked if I could pray with her and the Lord moved on my heart to meet her need. Later that afternoon the women returned with the receipts and the change. Josephine said that there are very few people who help people in need and she asked if she could say, God bless you!

A Christian man with a big tumor in his gut was on his way to Guadalajara for medical treatment and asked if I would pray for him. I felt led to ask him if there was a person in his life who he was bitter toward, someone that hurt him that he needed to forgive. He said yes! I continued to minister to his spirit man, to forgive. He wept as he prayed. I later found out that he was robbed of his business, severely beaten leaving him crippled. GOD HEALED HIM... the TUMOR is GONE! Praise the LORD!!!

Carol and I are ministering stateside this month raising support.
