We are doing some necessary repairs and maintenance to our Children's Centers in Mexico this month so that we can get things cracking the first week of September at our Children's programs. We are planning once again to be a blessing to these little ones by helping them with backpacks and school supplies. In the Dominican Republic we have been cranking away all summer long with a Summer School program that helps children who are lagging behind in their scholastic achievements to get on level and those who are already performing well to become advanced students. I want to share with you some testimonies how your prayers and donations are making a difference in the communities and children's lives.

A young mother by the name of Dallana, expressed her appreciation for the many ways that her community is being served and blessed through our Vida Church and Community Center in Oviedo. She said: "Vida (Life) offers us many different opportunities and assistance through its many programs by providing us with: water, food, clothing, medicines and education to our sons and daughters ". Mrs. Graciela Cuevas, mother of 9 testifies: "I used to have to spend 50 to 75 pesos a week to buy two to three tanks of water, then Vida dug a well and began its program to give water to the neighborhood, I can now buy food for my children with the money that we spent weekly buying water". "My children slept on the floor and Vida gave me three mattresses for my children. We are so very grateful. We all must support Vida. Mario and his little sister Llovizna could neither read or write. They attend the educational programs at the Vida Center and now they can both read and write; Mario said, "We are so grateful and thankful for Vida Internacional, thank you for your educational programs and assistance projects which provide us with clothing, food, medicine psychological counselling and help. Because of Vida we are now at the same level as our classmates in school."

**Little Miracles
Changing Lives**

The little boy affectionately named Balaguer, after a famous Dominican president cannot read or write. He has just enrolled in our literacy program. Balaguer was only four years old when he was one of the first children to attend our Vida Church on his own when we first began. Bala reminds me a lot of Dennis the Menace and in his own words says, "I feel so rich because of Vida, it has given me so much". We have assisted his family with sheets of metal roofing, food and water.

Together we are impacting communities and changing children's lives in the Dominican Republic, Mexico and Haiti. We need your continued help and support. Your gifts and prayers are the fuel that sustain the work making these little miracles possible!
