Betty, Pastor Javier and Lee

God is on the move even during the pandemic shut down. I am a witness to the advancement of the Kingdom. I made a personal challenge to Professor Doro almost 3 years ago. First, I encouraged him to study Biblical hermeneutics. Second, I asked him to multiply himself by training up leaders to learn how to study the Bible and properly apply Biblical principles to their lives. Third, I challenged the Professor to take those leaders and help them to begin home Bible study groups. The border between the USA and Mexico had been closed and Mexico has been shut down. The churches have been on an extended lock down but when the churches opened, I jumped on a flight, flying on standby (a benefit to parents of an airline employee) to check on my people and projects. I ministered that Sunday at Carton-Landia and to my delight, Professor Doro called forward nine graduates who have completed their training to lead home Bible studies. I was honored to pray over them and bless them as they are now ready to be launched out in ministry.

Health conditions in Mexico are not good especially in non-tourist areas. The covid virus is still spreading and there is a lot of other sickness due to the hot and humid rainy season; including a severe Dengue outbreak. Most Mexican homes have no air conditioning and it is miserable for people shut up in their homes practicing social distancing. I made pastoral visits to several of our Vida pastors. I stopped in to visit Pastor Javier and Betty, their high speed fans were blasting air and roaring like a den of lions. They shared with me the difficulty of meeting needs in one of their Home Bible Fellowships since it is located 20 miles away from their church in Ixztapa. I called Professor Doro and connected Him with Pastor Javier so that the forty folks meeting in a home just a few miles away from our Vida church in Cardton-Landia could still have the pastoral care and leadership that they need. God is good at opening the doors for some of our new graduates to fill the vacuum.

The nine graduates along with Professor Doro, second on right and your's truly backing them up...

On the the Move!!!**

Prayers and Action: 25 year old Juan Carlos was in a construction accident a year ago and has a compound fracture that has never been set due to the \$1,000 needed for the screws. He was later maliciously attacked and the bones have broken the skin and are getting infected. Would you pray for Juan Carlos that God will provide for this need? If you are led to help him please write 'Juan Carlos' in the memo. Also pray for Pastor Juan Barrera to acquire funds for the land to build their church. If you want to give for the property, write the word 'Land' in the memo. God Bless and thank you for impacting brothers and sisters in Christ to the south.

Together we are changing Lives,
Together we Touch the World!
