February 1990

Dear Friends,

"Rocking, Rolling & Shakin' All Over." No, this is not the title of a new heavy metal album release, but rather the description of the awesome first time experience of an earthquake which measured 5 on the Richter scale.

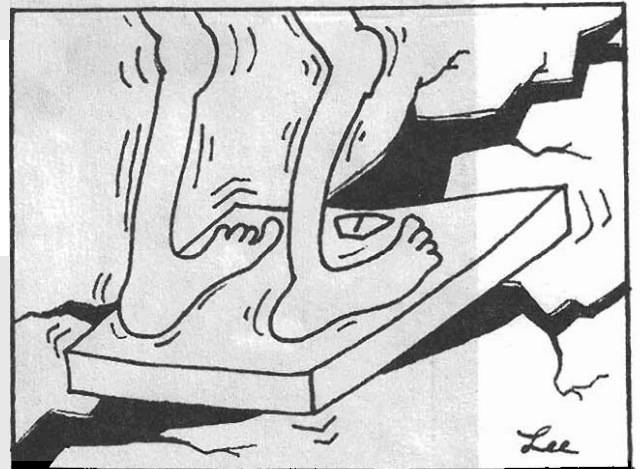

I was about 3 hours away from home in a remote village called Aquilla in the state of Michocan. Fifty to sixty people gathered to watch the movie in the street. At the invitation, approximately 20 people lifted their hands in response. We loaded up the equipment and hit the road. As we neared home, I knew something must have happened. Fallen rocks completely covered the highway 10 miles outside of Manzanillo.

"The Fiery One" - nearby volcano

As I entered the house, the first words out of Carol's mouth were, "Did you feel it?" Everything in our 3rd floor apartment was shaken, including my wife and children...pictures vibrated on the walls, glasses and plates chimed in the cabinets, nick-nacks tumbled off the bookcase and shattered on the floor. Thank God, it was a brief (but powerful) quake that did not do major structural damage.

SHORT STUFF

THE REPORTER SAID THE QUAKE
READ 235 ACCORDING TO HIS SCALE

The children were scared, to say the least. Carol tried to comfort them and answer their many questions. They turned to the encyclopedia to learn that the whole west coast of Mexico, and the U.S., is prone to earthquakes due to the fault lines and continental plates.

Lee & Carol Short

Another cause is volcanic activity. We were perplexed - was the earthquake caused from the shifting of the earth, or was it the nearby volcano? We shortly learned that it was the "rocking and reeling" of the volcano that was causing the "shaking all over."

Prayer Requests

- 1) Pray for protection over our health and safety, especially traveling mercies.
- 2) Pray that we would continue to see souls responding to the Good News and God's favor as we go to villages that have no Gospel witness.
- 3) Pray that the Video Bible School becomes a reality and God's wisdom and grace prevails and guides us in this.
- 4) The Lord willing, we will be filming the first course on Bible Doctrine March 18th-25th. Please pray for the filming, reproduction of video and audio cassettes and printing of course booklets and materials. Pray that others will share this vision and participate in this with us.

It is not by chance or accident that you and I are here at this point in history. It is by the will of God and by His grace that we will accomplish His work, "making disciples of all nations."

In His service,

Lee, Carol

Josh, Amy, Sarah
