Dear Friends,

A vision, a ministry cannot come to pass unless God's people work together. Sometimes, it's overwhelming to consider the work that is set before us. Not only are there tremendous financial needs, but also the need for co-laborers. One of my daily prayers is, "Lord, send **help!**"

God is faithful to answer the fervent (desperate) prayers of His people. Here are just some of the answers to prayer. We needed someone who could take our study guide, (outline and questions), & put it in manual form. The Lord sent a godly high ranking educator who undertook this project. P.T.L. for Ruth Seres.

Charlene West was an unexpected blessing when she came down to Mexico from Houston on her Christmas vacation and taught our children for 1 1/2 weeks. She freed up Carol to work on the manual.

Otis Clemmons, a missionary, has volunteered his time & knowlege to help us put in water lines & lay out the electrical system. Antonio Sanchez is also dedicating his time to pulling wire and electrical work.

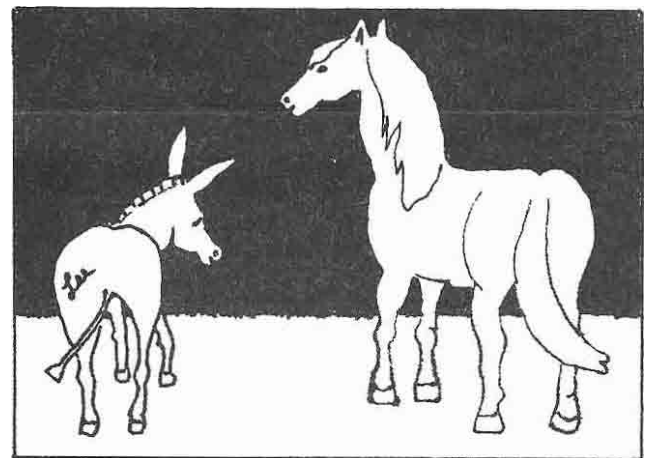

Jose Louis, an ex Federal policeman was discharged from service and is living on a medical pension due to 7 gun shot wounds that left his right hand paralyzed. He has volunteered to take care of our painting needs.

This list is by no means complete. It is only to give you an idea of how God is undertaking to meet the needs of this ministry.

## HELP WE STILL NEED:

We believe that in these last days, it is the time for History's greatest harvest. Instead of sitting back and watching history unfold, now is the time to attack and conquer, bringing in souls. There is work for technically trained people in video, especially a video & sound engineer. There is work for teams to take these video courses out. We need a **TEACHER** for the children to work with and help Carol. We could use a construction crew to help us complete the building. "The harvest is plentiful, but the workers are few. Therefore beseech the Lord of the harvest to send out workers into His harvest." Matt. 9:37-38.

### Prayer needs:

Many times it seems redundant to continue asking for prayer in the same areas, but the fact is, these are the constant needs. We are blessed and have been able to carry on this vision month by month. We know that the reason for this is the prayers of God's people, who are serious about God's work. So, please pray for us in these areas:

1. Divine protection for the family as we are traveling through Mexico.
2. Favor with Mexican government officials as we continue the process of legalizing everything. Pray against the spiritual strongholds. There is a strong influence that puts pressure to prevent works that would otherwise be legal.
3. Continued safety on the worksite.
4. Continued funds for the work.(construction,studio equipment,printing, legal fees)<sup>office & household needs</sup>
- ★5. That God would pour out His Spirit on us, & give us wisdom and direction.

These are exciting times to be alive. Let us encourage you to look for God's direction in your life and be all that you can be for and through the power of God. As they say in Spanish, Adelante! Go forward!!!
