

*Pray for us, that the Word of the Lord  
may have free course in Mexico.*

Globe Missionary Evangelism • P.O. Box 3040 • Pensacola, Florida 32516-3040

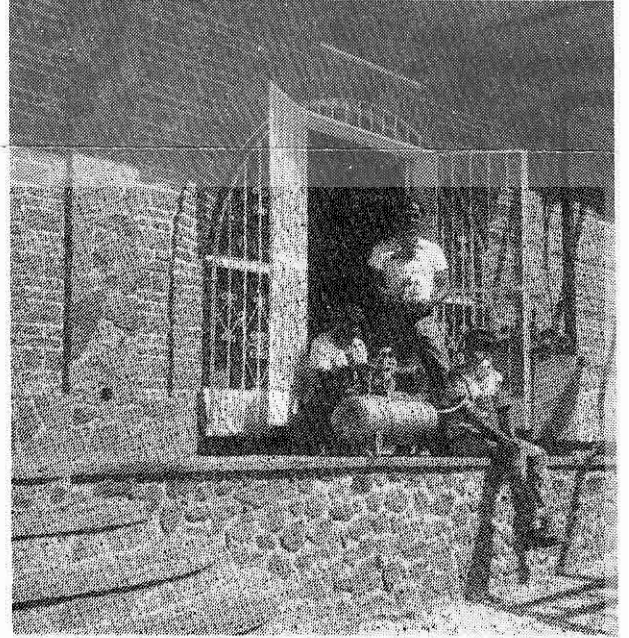

February 1993

Dear Friends,

It was a great joy to see glimpses of the vision for the Video Bible Institute coming into fruition as we received two letters from a Baptist church in Cordoba, Spain. The first one, from the director of evangelism, Lorenzo Sotillo, said, "Beloved Brethren; The peace of the Lord be with you. By way of some brothers that are among us from the U.S., we have become acquainted with some of your videos by the name of "Fundamental Doctrines" taught by professor Miguel Lopez. We are watching and studying them and they have been a great blessing for all of us. They are very well made and produced and well thought out for home evangelism..." They went on to ask if there were any more videos available.

The second letter came from David Henderson, a missionary in Spain, working with the same church. He said, "...A pastor friend of mine in the United States sent us a series of 5 videos by Professor Miguel Lopez on the subject of Fundamental Doctrines that we have been using with a lot of success..." He also inquired if we were producing more videos.

A church member from Victory Bible Church in Pasadena, Maryland sponsored the course and Pastor Greg Carr sent it. Spain conquered Mexico with the sword, but Mexican Christians, by way of the Video Institute have gone into Spain with the Cross to seek the lost and train Christian Leaders by way of video.

Without that person covering the cost of the tapes and manuals, without that church paying for the shipping and handling, those Christians in Spain would not have this Video Bible School program. Without the faithful support of our Video Institute Partners, we cannot produce more of these videos. When you pray and give, it makes things happen!!!

**A GOLDEN OPPORTUNITY: DON'T MISS OUT!!**

Needed: National workers. We are excited to see the production center getting ready to be cranked up. This will mean the training of Mexican nationals to work as full time employees in production and distribution. Heading up production is Jose Rodriguez. He has a degree in computer science and much needed practical life experience. We are also praying for a national minister to travel into remote village areas to establish Video Bible Schools.

**PRAYER REQUESTS**

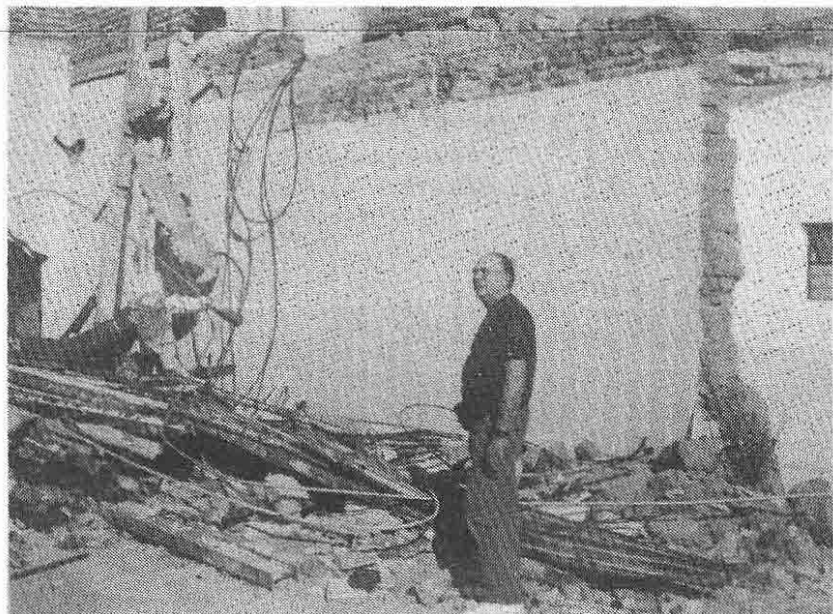

1. "Pray in" the missionary team members: The Roberts, The Lambs, and the Stevensons.
2. Pray that we can get permission from customs to pass the studio equipment without duty.
3. Neither our mission board or any denomination underwrite this work. We are going to be personally contacting friends of this ministry through written correspondence to ask them to become a V.I.P. (Video Institute Partner). Please pray that those contacted will respond by supporting the Video Institute of the Americas with a monthly donation of \$30. or more.

Thank you for giving to this ministry of you prayers and finances. Without them there<sup>d</sup> would be no Video Institute of the Americas.

In His service,
