Cienfuegos - (one hundred fires) South Central Cuba has been a hot bed of spiritual activity as our Bible school is raising up scores of end time laborers. Your prayers and support are yielding a great harvest in Cuba! Not far from the infamous "Bay of Pigs" is a very unique Cuban city founded in 1891 by Louisiana French. The streets and sidewalks are wide and all through this city of approximately 150,000 inhabitants you will find Colonial French Architecture.

Moises Deuna, the Methodist superintendent of Central Cuba tells me that Vida Int'l has been officially sanctioned by the Methodist Church of Cuba. Most of their Churches are Spirit Filled and they water baptize by immersion. We have 74 Bible students who study each week from the main church in Cienfuegos and Caunao. All of these students are active as heads of ministries, cell group leaders, lay church pastors, bicycle evangelists and missionaries.

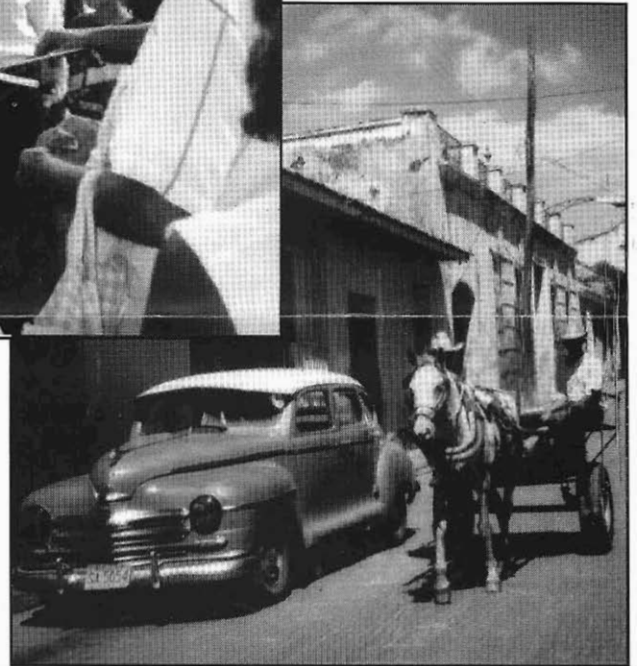

Rauldel Leyva was already heavily involved in drinking, fighting, gambling, & cock fighting by age 14. His father, an atheist, his mother was holding seances and contacting the dead. At 15, Rauldel gave his heart to Jesus. Today he is a lay pastor of a mission Church in the little town of Limones. This 23 year old rides his bike 12 miles to Bible school. He says that the Bible school has been great preparation for him. He and his wife Ludmila sleep in two of the class rooms at their mission Church. Five months ago they started with 6 folks today they have 40 in attendance. While I was challenging the student s about our Lord's love for children, Ludmila wept profusely. She told me that her heart just burned. She said, "My husband is the pastor to the adults and I am the pastor to the children."

to receive their ration
of eggs. Below: Modern
transportation in Cuba

I am not exaggerating when I say that the video Bible school is impacting the whole Island of Cuba. These lessons are duplicated over and over. Pastor Santiago Machado told me that he started 14 mission churches in the eastern providence of Holguin, near the town of Mir. They used these teaching tapes in every situation imaginable. They played them until they flat wore them out!

Together we Touch the World!
