Cardboard-Landia Children's Center UNDER CONSTRUCTION. You can help!

I drove up to the construction site of our new Children's Center in Cardboard-Landia. Two little girls, Sarai & Rachel, came to greet me, scratching their arms as they came. I asked them what was wrong and they showed me the marks, telling me that they had worms in their skin, and they were eating their way up their little arms. I went with them to their home and asked their Mom if she would come with me to the Doctor's office to see if he could help her tiny daughters.

The doctor said the dirt floors of their houses and the streets outside where they play were infested with these worms, and that was why these little girls were suffering. He called it Larva Migrans. These worms eat their way through the body from the point of infection and can go all the way to the brain. They are very dangerous to the life and health of these children. He prescribed medication, and we all went together to the pharmacy to buy it.

We are committed to rescuing these children from the hell-hole they live in by building this Children's Center which will assist them with medical care, hot meals, education, clothing & spiritual development. We cannot take them out of Cardboard-Landia but together with you, our supporters, we help make a difference in their community and give them a brighter future.

Together we are Life Savers,

Lee & Carol
