

Pray for us, that the Word of the Lord
may have free course in Mexico.

January 1988

Dear Family and Friends,

The steadfast love of the Lord never ceases! Visiting from church to church truly allows us to experience the love of the Lord. It is our desire to stir local churches toward evangelism and world missions. We see the people of God desire to live a consecrated life of service to the Lord. You are an encouragement to us!

COMMUNISM OR CHRISTIANITY

According to a recent program on public television, Mexico has a 60% unemployment rate. In other words, over half of the work force in Mexico is not on a payroll. Add that together with an annual inflation rate of 141% - the highest level in Mexican history, (*Time*, November 30, 1987) and it equals tremendous economic pressures and uncertainty.

When the economies of the world are crumbling people become desperate for hope of a better life. This is why many of the third-world countries embrace the diabolical lies of communism. By the same token, these economic pressures which drive a nation to its knees can be the catalyst which ignites a national awakening.

Mexico is at a crossroads. We saw the hammer and sickle painted on the walls and rocks in rural areas. The Mexican government strengthened its ties, both politically and economically, with Russia this summer. This was public news in Mexico, yet we found when we came home, thanks to our "Free Press" no one had heard about it. The good news is that Mexico is fertile soil for the Gospel. It is bringing forth a tremendous harvest of souls. Jesus Christ and His Salvation is Mexico's only hope.

FINANCIAL REPORT

As of 12-1-87 approximately 54% of our monthly support has been pledged. Only 46% to go, and we can go! Our prayers are being answered...we now have an account opened for the purpose of paying off our vehicle. So far, \$850 has been deposited in this account. PTL! God bless you for your participation in helping us to reach Mexico with the Gospel.

In His Service,
