Hello to all!

We are so excited at what God is doing in this new year! The Video Bible school is about to go into full operation in 8 different locations throughout Mexico, from the border to the capital. We are also sending the first 20-hour course to the countries of Nicaragua and Honduras. This is just the beginning. The manual to accompany the 20 hours of teaching is finally complete, professionally illustrated, and typeset. We are believing for the funds to print it.

This is the first course of many more to come that will reach out from the United States to the ends of the Spanish world with God's word. With this, we will see by God's grace, multiplication as men of God become founded and able to lead the church that God is raising up in the dramatic move of the Holy Spirit happening right now in Central and South America.

15 YEARS!!!

On December 6th, Lee and I celebrated our 15th wedding anniversary. We drove to a restaurant and Lee bravely ordered seafood chowder once again. We had seafood chowder last year for our anniversary, and I will never forget the experience of looking into the bowl and seeing the food looking back at me. Tentacles of octopus 1/2 inch thick, complete with suction cups, were draped over the edges of the bowl as shrimp peered at me from among the carrots and crab claws. This time though, the food was fresh and well prepared and we had a pleasant dinner together. We share the date of December 6th

BUILDING UPDATE

The studio is now under roof and, Lord willing, it will be completed by the first week of summer, and ready for the studio equipment. We really look forward to the completion of the offices and storage space so that we can move the operations of the Video Bible school into their permanent home.

PRAY...

1. That God will give us favor with the Mexican people and officials.
2. Construction will continue without mishap or accident.
3. God will provide funds for completing the studio and buying the equipment.
4. Funds for legal fees for incorporation in Mexico (\$1,240.00).
5. Funds for printing the study guides.

As we enter another New Year, Lee and I are grateful for your prayers and support that keep us going here in Mexico.
