Dear Friends,

Just when we thought it was almost over, Pastor Greg Carr of Victory Bible Church in Pasadena, Maryland said, "It's a miracle that this mission can keep it's focus in the midst of all this opposition." He heard the testimonies of neighbors who have been terrorized, pistol whipped and threatened. He looked into the faces of evil men who are armed and dangerous, and left here with a new appreciation of missionary families who are willing to lay their lives down for the Gospel. Rev. Carr and Rodger French are currently doing what they can to call this to the attention of the State Department and Senators, telling them that American lives and investments are at risk.

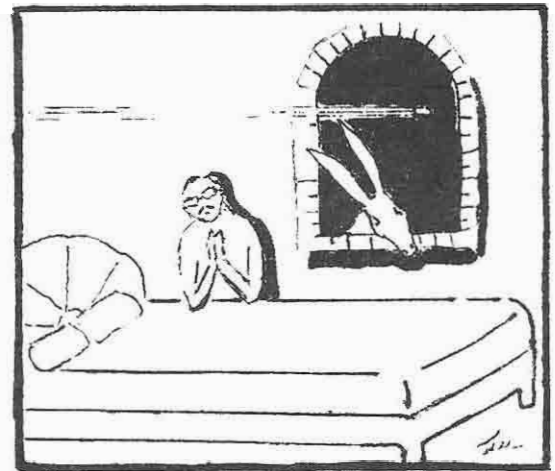

Pastor Ross & Company

Then "THEY" came, eleven in all, from Richmond Indiana. Leading this industrious crew was Pastor Steve Ross. In their short visit of five days, they did it all. When they worked, they worked. Among their number was a seamstress, computer tech, construction crew, newspaper reporter, and a school teacher. When they ministered it was glorious. We passed out close to 500 tracts in about 4 hours. In downtown Guadalajara, they sang in Spanish and drew the crowds. They prayed for the sick and many publicly professed of healing and salvation.

They left on Saturday morning, and that night we were back at the airport again, this time to pick up gentlemen from

Birmingham, Alabama. From Carol's home church, came Don Sims, Joe Duncan, and John. They came to install the central air system for the studio. These guys had a goat meat breakfast just about every morning (they loved it). They worked, and then they were gone.

Last, but not least, Assistant Director of Globe Missionary Evangelism, Josh Peters, and potential VIDA workers Fran and Judy Roberts came. They saw it all and still believe it to be God's will for them to work with us. Pray for them to raise their support.

STILL IN THE MIDST OF THE FRAY

We have found ourselves on center stage fighting back against the violent attacks of the racketeer lawyer. The cries for justice were manifest in a public demonstration in this town. As foreigners, we were advised not to march. I sat by in support, and the next thing I knew, I was invited into the Mayor's office to speak on behalf of the town's people. T.V. and newspaper reporters centered in on me and my family. The Racketeer lawyer publicly threatened our lives. This story will also be in Gannet newspapers in the States and possibly "U.S.A. Today". We are hoping that the publicity will prompt politicians and leaders to move on behalf of the victims in this problem and bring peace once again to this country side.

We are counting on you to pray for the ministry and the town. Stand with us against the demonic forces that are behind this racketeer lawyer. We are praying for quick and sure justice for all the land owners involved. God has promised that he (the lawyer) will fall into a pit of his own making. Let's continue to pray.
