There are so many desperate people in difficult times; children that don't have food at home, parents that can't find work, the sick, the elderly and those who suffer with mental illness. I thank God that Jesus carries our burdens, helps us find solutions and surrounds us with a TEAM of burden lifters. Dr. Jennifer Hudson, our Director of Education organized a Health and Hygiene Campaign. Jennifer's Sister Janet Edmonds a former District Public Health Coordinator from Idaho hit the ground running and had the children and moms engaged and enthusiastic about hygiene. I was amazed at their response.

Our kids learned about those nasty, invisible germs and how to stay healthy. They learned how our hands pick up germs and how washing them with soap and water helps to keep away fever, ear aches, tummy aches, colds and flu. They stuck disposable thermometers under their tongues, listened to their heartbeat with a stethoscope and learned to brush their teeth. Her husband, Nick Edmonds a former athlete and coach worked on hand and eye coordination exercises. All the children received a new toothbrush and a tube of tooth paste and they promised to brush everyday.

Finishing out 2011, we had the annual Children's Christmas party. This year we celebrated with a hot meal, chocolate cake, prizes, piñatas, musical chairs, and gifts of back packs, filled with beans and rice, clothes, candy and school supplies. The party was packed with about 120 kids plus adults. The next day Carol and I dropped off much needed staples and groceries to some at risk families. One of those families was an elderly couple living in a cardboard abode. They requested prayer for their adult children. We prayed, embraced and dropped off the food. Later, a neighbor told us that the 94 year old gentleman wept and said to his wife I can't believe that people care. Thank you for TEAMING- UP with LSMI so that we can share God's love in a tangible way so that people can respond to HIM.
