

Pray for us, that the Word of the Lord
may have free course in Mexico.

Globe Missionary Evangelism • P.O. Box 3138 • Pensacola, Florida 32516

July 1989

Dear Friends,

Carol had a 3 month battle with amoebas. Those little critters, if not stopped will nest in and eat through body organs. Many times accompanying them are worms, but PTL, she did not have those. She took strong medication 3 times, for a ten day period each time, but after each treatment, within a week she was plagued with amoebas again.

We are grateful for learning some natural remedies for killing these pesky parasites. Papaya, made into a drink in the blender with some of the seeds is very good for the stomach. We are also drinking coconut milk before we eat breakfast, they say that if you do this for 15 days, it will make the amoebas go away.

WE SANG AND SANG AND SANG...

It was the pastor's last Sunday. Timidly he said farewell to the congregation. They wept as Tino prayed and prophesied over him, then they left the service. We sang worship songs while waiting for Tino to return to minister the Word. We sang for almost 1 1/2 hours and still there was no Tino. Finally I stood up and ministered the Word with my son helping as needed. (It's a good thing the Lord sends children on the mission field too.)

IN HOT WATER

Many of you have been praying with us for God's guidance for our future ministry. We have made a decision to work with a church in Manzanillo. We will be an extension of their evangelistic outreach, working with their young people to win the surrounding ranches and pueblos for Jesus.

SHORT STUFF

A COCO A DAY KEEPS
THE AMEBAS AWAY

Short family in boxes

Lee & Carol Short

The Lord graciously helped me to locate a small third floor apartment to rent. Hot water heaters are rare in the town of Manzanillo, most homes in the area do not have one. This apartment has a hot water heater! Isn't God good? Please note our change of address.

EQUIPMENT UPDATE

In faith we have purchased a 1978 Plymouth van for \$2000. Including the cost of repairs and insurance, the total expenses of the work vehicle is about \$3000. We have received \$600. which brings the balance to \$2400 needed at this time.

The Sony HP 32 VHS projector we mentioned before is no longer being marketed and cannot be found. After days of investigation, we found a projector which will meet the ministry needs, and we have ordered it. We were able to secure the VCR projector at a wholesale price of \$2395 (retail \$3500). So far \$1233 has been donated which leaves a balance of \$1162.

We are also in need of a 1500 watt generator which will allow us to minister in places that do not have electricity.

PRAYER REQUESTS

1. Safety while on the road (driving down here is insane)
2. Protection over our family's health.
3. That I will be led to the places where the Lord of the harvest directs and that many will respond to the Gospel.
4. Funds necessary for equipment

God bless those of you who are standing with us in prayer and support. We are a team!

Love in Christ,

Lee, Carol, Josh, Amy, Sarah
