July, 1994

Dear Friends,

On the Sunday morning that I ministered in the 1000 member church in Tegucigalpa, Honduras, I was awakened by the sound of a high powered semi-automatic weapon. It startled me because it sounded as if it was right outside of my hotel room even though it was actually several blocks away. Soldiers patrol the streets to maintain order. One Honduran friend commented that sometimes the soldiers get drunk or angry and just start shooting. Gun fire also broke out later, at about 6:30 AM, but this time I was already on my knees

The Reformed Evangelical Church was a tremendous blessing for me. I felt the presence of the Lord in a powerful and sweet way. There is no question, God is in that place! The worship is and was WONDERFUL. This thousand member congregation is poor by our worldly standards, but rich in the Gospel. Their church building is very impressive considering their low wages.

The people were very kind in receiving my ministry to them in Spanish. They responded many times during the preaching service by breaking out in applause, giving praise to the Lord. Several people responded to the message and received Jesus as Savior. I prayed and prophesied over some fifty to sixty people. I did not feel a strong anointing over me, but I could feel tears streaming down my cheeks as I

SHORT STUFF

BLOWN UP? BLOWN AWAY?
BLOWN TOGETHER, JOHN 3:8 !!!
(See Orders From Headquarters)

Lee & Carol Short

laid my hands on their heads and shoulders. It seemed as if many were touched by God regardless of how I felt. The lights went out during our time of prayer and ministry. It was very dark in the sanctuary, but I hardly even noticed. I just kept on praying for those precious blood bought Saints of God.

ORDERS FROM HEADQUARTERS

Bob Bishop, director of Globe Missionary Evangelism, and Pastor Buford Lipscomb, of Liberty Church in Pensacola, Florida, asked if we would consider relocating our ministry to Pensacola. They already have a complete studio built out there, that we will be able to use, along with the long term and close relationships that we have with the ministries located there. We have discussed this with our board of directors and our Heavenly Father, and all parties agree that our ministry needs to be settled in a permanent location with people who share a common vision.

PRAYER REQUESTS

1. Pray for Lee's trip to Quito, Ecuador on August 18-23. Pray for his safety, protection, and long term fruit, as he carries Video Bible Institute materials to missionaries there.
2. Pray for the relocation of our ministry base and family

May the Lord Bless you and keep you through these summer months!!

In His Service,

*Lee, Carol, Josh,
Amy & Brian*
