Houston, Texas, behind the scenes - Costa Rican born Jorge and Lorena Gamboa ministered on TBN for seven years in their native land. They played and sang the music the Lord gave them. Their influence grew throughout Latin America. One Day the Lord spoke to Jorge in his spirit and told him that he would produce Bible materials to bless people in remote places that need to be taught. He felt called to go and teach, but knew that he was limited to being in one place at one time. He realized that through video one teaching, recorded and distributed could help many. Another challenge that Jorge faced was the lack of equipment and funds to pull off such an ambitious ministry.

Jorge and Lorena came to the United States in 1994 to live. That was the same year that Carol and I came out of Mexico. We met one another a year later and I shared my vision with them. They shared with me what God spoke to them in Costa Rica. Since then, Jorge has edited most of our courses and has shot some new material for us. We now have five of our courses on a DVD format, and as funds allow, will be shooting new courses and putting them on DVD. Isn't it amazing how God spoke to two different families in two different countries to bring us together in a working relationship so that His vision can be accomplished?

In addition to the work Jorge does of editing and shooting courses, Lorena has been working on setting up our website, and printing our materials.

Jorge's favorite experience with our video Bible School took place in his own country on the island of Chira. He helped a church to build several buildings, and supplied them with some of our materials. When he was participating in the graduation of 27 students who received certificates of completion from our courses, he heard the pastor say with tears in his eyes, "We don't need any more buildings, we need more instruction. Send us more Vida International courses!"

It costs us \$1,000.+ to produce a new course on DVD. Thank you for making this ministry possible.
