SHORT STUFF

Dear Friends,

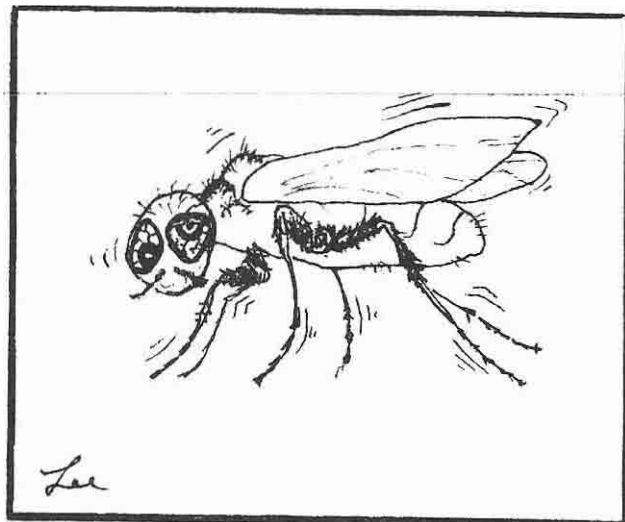

Clothes, clothes, clothes! On our last trip to the states, my wife put a request on our needs list for a few clean clothes in good condition to give to the needy folks in Mexico. The first church we ministered at generously gave us two truck loads! I quickly saw that we were going to have to make some adjustments. My mother graciously sorted and sorted and sorted, we then packed and compacted all that we could carry.

The Mexican people who received the clothing all expressed their gratitude in word and by flashing smiles of appreciation. One little boy kept showing off a pair of underwear he had found, a little girl thanked me for a sweater vest she found in the box.

In a poor church where I dropped off the remaining six boxes, one of the men suggested that the clothes be used for evangelizing the pueblo but his suggestion came a little too late. The Pastor had already given the green light to dig in. In a matter of moments the boxes were empty, their arms were full, and their faces lit up like it was Christmas!

SHE'S HERE !!

Miss Janet Breiner, our school teacher, secretary and Jill of all trades, arrived at the Guadalajara airport on May 22nd. She will work with the children all summer long. Pray that all survive and that Janet will make an annual commitment at the end of their summer session!

HOW WAS YOUR 5 CITY TOUR
OF MEXICAN REST ROOMS

Janet and the children

PRAYER REQUESTS

1. Pray that we complete all legal work so that the Video Institute can operate within the Mexican law (non-profit status, immigration, and working permit for printing shop).
2. Pray that the construction will be completed soon. Everything here is done by hand and the process moves very slowly (one third of the interior of the building is now finished).
3. Pray for the distribution of the Bible foundation course that it will be instrumental in blessing the lives of many.
4. Pray that the Lord will move on the hearts of the electric commission and bring in high power lines, and that we would be able to purchase our own transformer to power the video studio. Currently, we barely have enough electricity to operate our refrigerator let alone power the video studio.
5. Continue to pray against strongholds that cause delays and undermine the work is set before us.
6. Continue to pray for the financial underwriting of the construction, equipment, and operating costs.

We want to thank you for standing with us in prayer during Carol's illness. Your cards and letters were a real encouragement to us. We also want to thank those team members who are making this work here in Mexico possible. We love you and bless you!

In His service,

Lee, Carol, Josh, Amy & Sarah
