Jesus said: "... they will place their hands on sick people, and they will get well.", but I was not praying for their healing. *All I did was lay my hands on them* and ask Jesus to fill them with his Holy Spirit. He did that and more. Among the impoverished shacks in the slums of Serrina on the outskirts of Managua, Nicaragua stands a little Church of God mission. The sanctuary was built from the tithes and offerings of these poor people. This is a demonstration of their love and devotion to the Lord. Though their meetings are dimly lit in the natural, they shine forth as a beacon of light and hope to their barrio.

***"...they will place their hands on sick people,
and they will get well." (Mark 16:18)***

She threw her hands up in the air and began to shout and jerk around. I had no idea what God was doing. To tell you the truth, I rarely do. She then shared that her spinal cord was fused together and she had lost a considerable amount of her upper body movement, but when the power of god hit her she began to move her upper body in ways that she could not since her injury. God healed her!

**Then suddenly
she was healed!**

This woman suffered from spinal cord damage which greatly restricted her neck and shoulder mobility.

A current of electricity charged through her body. Jesus healed her damaged organs.

A second woman testified that she was in a lot of pain due to a inflamed stomach, damaged liver, and other organ problems. God's power touched her and she began to cry and praise Him. Doctor Jesus did it again and took away her pain. She said "A current of electricity charged thru my body and now I am healed!"

Jesus is the same yesterday, today and forever therefore, signs and wonders are to follow believers. The Church of Jesus Christ is mandated to take this good news to all the world and make disciples, and the poor are to have the Gospel preached to them. Become a ministry partner and send me with your prayers and support. Together we touch the World!
