Vero and working at her lesson... They love word puzzles.

When Vero arrived in Mezcales from the "Sierra" she only spoke a few words in Spanish, her family was from a tribe high up in the mountains, where Spanish is a trade language and they all speak the tribal tongue. She wore ragged clothing and flipflops. Her mother was the first to come, looking for work in the tourist area, selling handcrafts on the beach. She was followed by Vero's dad and her six brothers and sisters. She's been here a year now, and her Spanish is much improved. She was invited to the program by one of our mothers. Estella knew her from her children's school and saw the deep need that the family had. She approached Vero's mother and asked permission to bring her to the program with her children.

She sits in her age group to eat and do the activities of the program, and the other children always help her with the things she doesn't understand. It was real fun to see her surprised face when we gave her her very own back-pack with school supplies and clothing in it. Vero sings along with the Christian songs making all the hand movements with the teacher and loves to color and do the Bible verses with Kika, a mother who helps the children with their verses.

We love seeing these mothers step forward and take ownership and participate in improving the lives of the children of their community. Thank you for making it possible to love and care for these children, giving them hope and teaching them about God's great love for them and their families.

Thank you for helping us in our mission: Feeding Children Body, Soul & Spirit!
