Don't miss out on the great adventure of a cross cultural ministry experience. We would like to invite you and your church to take a Short Term Team Mission's experience with us in Mexico, Dominican Republic and Haiti. We have built relationships with Mission Teams that have returned annually for the last ten years. Here below are some of the testimonies from Camp Sonshine's team who share some of the impacting experiences that have changed their lives and touched the hearts of the Mexican people.

"This was my first mission trip and will definitely not be my last. My goal of the week was to love on the kiddos; they ended up loving on me and changing my view of missions forever. I am so incredibly thankful for this beautiful opportunity. Looking back at the beautiful ten days I spent in Mexico my heart bursts. My mind floods with the hundreds of moments where the language barrier did not exist and hugs spoke volumes... dozens of children and the country completely stole my heart." — **Faith Colvin**

*"Throughout my ten-day trip, I learned a great deal about myself and also about people in other cultures. These are just a few of the things I learned during my adventure to serve others: **1.** Love speaks in every language. Although I only knew a little bit of Spanish, I was able to communicate my love for the kids through my actions. Love is universal, and that's the most important thing I could give to anyone during the trip. **2.** Someone in the world will always have it worse than you. Everything I witnessed helped to put things into perspective and made me realize how privileged my life is. **3.** Be thankful for the little things. Each experience of my mission trip made me increasingly grateful for everything I have. I quickly learned that life in the states is much different from that in other countries, and I now view things such as food, water, shelter, and education in a different light."* — **Alyssa Hurt**

**You Deserve
A Break Today**

"Mission trips allow you to directly interact with a large number of citizens in the country you visit. You are able to experience the culture firsthand and learn a lot about their customs, food, language, and so much more. Not only do you become best friends with everyone on your mission team, but you make friends with the people you help and to the people of Cardboard Landia and Mezcales, I love you with all my heart and I will always remember I went back to Mezcales, Mexico and did it again... I fell in love with the people and community there. I also tried a lot of new food and I loved it. This time I felt God pushing me towards something new I didn't expect. The new things is to try learning some Spanish and get involved even more by doing kids ministry because kids will always be on my heart." —Deskco
