Lee preaching to radio audience

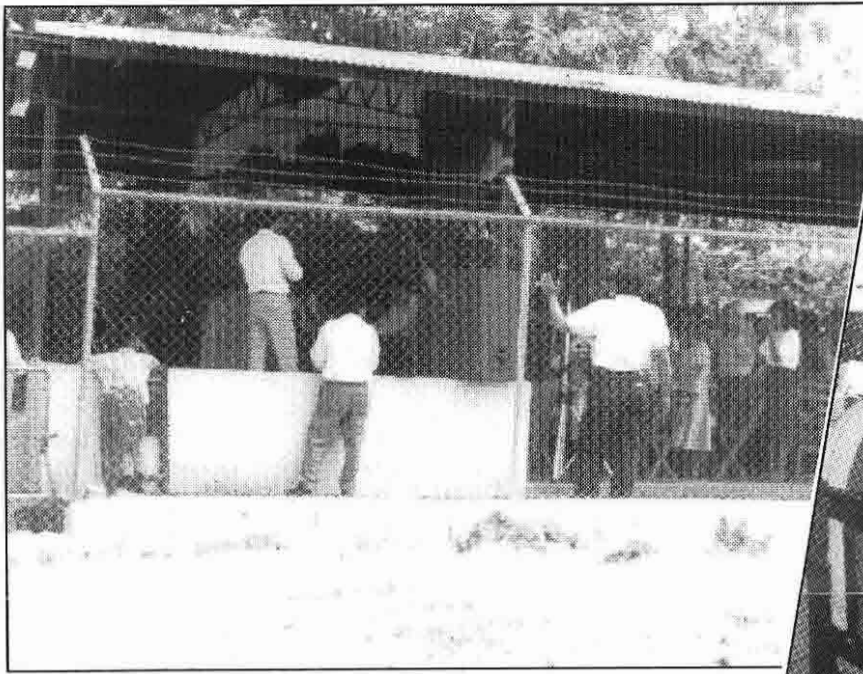

Lee praying for the radio audience

Managua, Nicaragua. I count it a privilege to have brought a message of hope to the down trodden people of Nicaragua. I addressed the nation by radio before a live congregation at the radio station. For two hours I spoke of God's love and a brighter future for the nation that trusts in the Lord. At the end of my message, many people came forward to invite Christ into their lives. My heart broke as I prayed for a severely malnourished mother and her baby it was like staring into the face of death. The only hope for Nicaragua is to rebuild their nation upon the bed rock truth of scripture. I am currently taking Bible training materials and equipment into Nicaragua to duplicate and distribute for the purpose of developing leadership.

This country is among the poorest in the world with approximately 50% unemployment. To illustrate the severity of their plight, it is 100% worse than the Great Depression of the 1930's which had an unemployment rate of 25%. The bitter civil war of the 1970's along with the volcanic eruptions and earthquakes in 1972 have utterly destroyed the economy of Nicaragua. This was followed by an oppressive Marxist regime of the Sandinista's that exploited the people until 1990. The earthquake of '72 leveled Managua, the capitol city which to this day has never been rebuilt. There are open fields with overgrown grass where once stood the sky scrapers and high rises of downtown.

Pray that our video training materials will produce a great harvest of new converts, disciples, and the planting of churches. I thank God for the many souls who received new life through Jesus Christ in Nicaragua. Thank you for giving me the opportunity to proclaim God's love and touch Latin America with the Gospel.

In His Service,

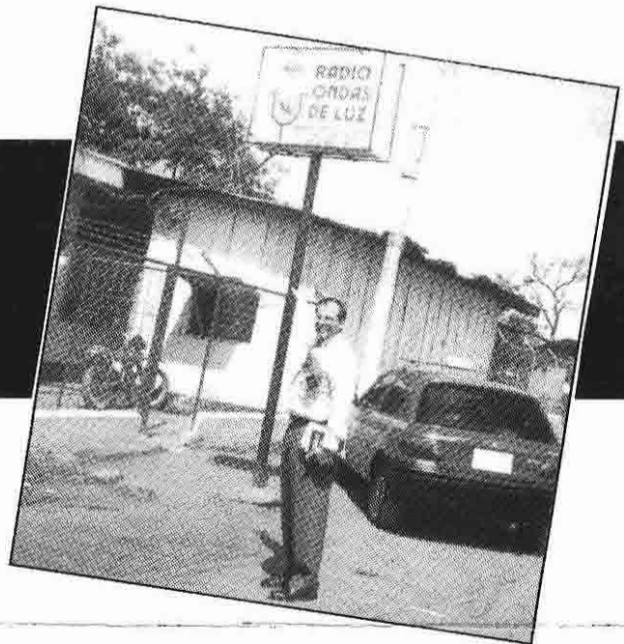

Lee & Carol
We do appreciate you!
