“Liberator” is a Venezuelan Air Force base on the out skirts of Maracay and the home to 565 Disaster Relief Victims. These are refugees from the December mud slides which have been noted as the worse natural disaster to hit the Western Hemisphere. They long for the day when their family will once again dwell in the dignity of the own humble dwellings. The majority of all the refugee families will be relocated far away from their hometowns estranging them from their surviving extended families and loved ones.

***“He put his arm around the child and said,
When you welcome even a child because of me,
you welcome me.” Mark 9:36&37***

The commander of the base proudly shared with our ministry team that 6 refugee women have given birth on his base. The emotional, physical and spiritual needs are great. We reached out not only to the needs of the adults but also to the children. We want them to know that God loves them too! We ministered to them in games, sharing gifts and the Good News! Jesus loves the little children.

I want to thank Jorge and Lorena Gamboa the directors of 'Vida Internacional', our video Bible school for their leadership in organizing this outreach.

You who support this ministry through your prayers and finances are sharing God's love with those that are hurting, needy and forgotten. You are making a difference and God will reward you! (Luke 6:38). Together we are carrying the Good News to the Nations of Latin America.

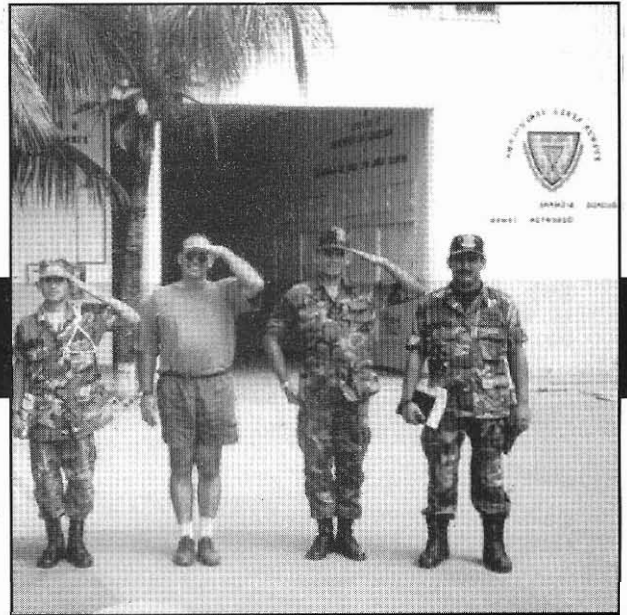

Together we touch the world!
