A mini soap factory at the Remar facility

Every spring students take to the streets in Guatemala City. They hand out propaganda and stage demonstrations crying out against the plight of the poor, social injustice and political corruption. The students raise funds by carrying cans and going door to door. They also take to the streets panhandling in busy intersections and sidewalks. Some roam in packs carrying baseball bats and iron pipes.

What is the answer to the meet the overwhelming needs of depraved humanity? What about the homeless orphans that sniff glue and gasoline to kill their hunger pains? Many of these children grow up seemingly without a soul or conscience. They rob and kill with no respect of human life. Senseless acts of violence become a sport. Jesus is the answer to their pain.

God has raised up a ministry called REMAR founded in Spain which is operating in 46 different countries. For the most part they are auto-financed by training the homeless and addicted in a trade and creating small businesses where the men sell their products and services. Not only are they taught a trade but they are also disciplined to be a follower of Jesus Christ. They exchange their hurt and helplessness for hope, love and a new life. Jose Gomez is the director and Pastor of some three hundred souls in Guatemala.

There are approximately eighty men in their rehabilitation program who also live in dormitories at their main center. Besides this, they operate a small medical clinic, orphanage and Christian school. They also have three locations in Gautamala. We presented our video Bible school to them on a Thursday and by Monday REMAR was using our training materials to help to lay a spiritual foundation for these men. I want to thank Ronnie Gilmore for his labor of love in helping to make this happen. Also I want to thank each of you who support this effort. We are working together to make disciples through out the Spanish speaking world! To God be the glory and praise and we love and appreciate you.
