*Together we are breaking the cycle of poverty and bringing hope in Jesus Christ.*

Have you noticed the change in our logo and the addition to our name? You may be wondering why we have added "LIFE SAVERS". The reason is simple. First, it's part of our DNA, and second, it's for the expansion of the ministry in order to build our base in Mexico and around the world!

Let's start with first things first. It all began when I was a child at the tender age of three. I remember the summer when everyday, I played the same game. I walked bare foot to the clover field beside our house, carrying a Maxwell House coffee can. I would dig a hole as deep as I could using the tin can as my shovel. Once it was dug, I would run to the spigot on the side of the house and fill the empty can with water. Running back, I would pour the water into the hole. I repeated this exercise over and over again. I was passionate and determined to do whatever it took to keep pouring more and more water down into the earth.

You may wonder what I was thinking. Why did I play such a silly game? You may also be wondering about my parent's water bill. I don't know how high their bill was, but I can explain what I was thinking as I played the same game over and over again. I did not think it was a game, I believed that I was rescuing people, Saving Lives. I believed that I was a LIFE SAVER! I imagined that there were people burning in hell and I wanted to put out the flames and rescue them from the grip of the devil. I believed that people were suffering and needed to escape from their prison of pain. I know that being a rescuer is part of my spiritual DNA passed down from my mother and her father before her. They have been people full of compassion for the needs of the poor, oppressed and afflicted.

The second reason we are calling our ministry "LIFE SAVERS" is that we believe that God will add others to minister alongside of us in Mexico! When I was constantly traveling and ministered in over 20 countries, our supporters identified the ministry with me. Now it's time for us to build a team in Mexico. It's human nature for people to be drawn to work together for a purpose greater than themselves. So, we are raising our banner high for other "Life Savers", called to world missions, that have gifting in tech support, administration, helps, construction, public relations, teaching, medical assistance, etc.. I am believing for a team that will rally together for the cause of Christ. Together we will make an impact in Mexico and around the World! "Doing good and healing all those oppressed by the devil." Acts 10:38.

God Bless all of you who are partnering with us by praying and giving for the expansion of God's kingdom! Thank you for sponsoring children and making the programs possible. Thank you for helping us to take Vida Internacional to those who need to be grounded in God's Word and prepared for works of service.

Together we are making a difference in the lives of needy children and their families. Together we are laying foundations and giving them God's hope for a future.

Together we are "LIFE SAVERS!"

*Lee & Carol*

PS: Sponsor a Child today, and join others who are
