Neyda, had come to the community center asking for help, she didn't know what to do. Her husband Danny, the main provider for their family had grabbed a high voltage line and was severely injured. The electricity melted his hand into a web mitt, shot up through his brain and exited his body through his stomach. His brain swelled, altered his personality, causing him to not recognize his family. After the initial emergency, they were running out of medicine and couldn't buy more, his hand did not function and they were at the point of giving up and accepting that he would remain a cripple.

We prayed with them and encouraged them to trust in God and not in man; that God can make a way. Don't give up, we told them, trust in Him and give God the glory. After admonishing them with these words, they took action and God opened doors. The medical community is providing Danny with needed surgeries to his hand and studies to his brain. His hand has been grafted into his stomach as part of the healing process. LSMI was able to help them with paying utility bills, ongoing medicine, school supplies, fees, uniforms, shoes, clothing etc...

Danny is still in recovery, but they now have hope for a future. God is making a way through people they do not know, and through those they do, and they are pulling through this difficult time. We thank God for His intervention in their lives. We thank God for His love and provision for this family.

Together We are LifeSavers!

Lee & Carol

Pouring the roof for the ministry office, windows and walls still needed!

Prayer & Project Needs

1. Provision for online Spanish Bible School development. (www.Vidalnt.org)
2. Favor, Protection, & Health
