Dear Friends,

I stay amazed and overwhelmed at the progress, the vision, and the opportunities that God gives us. Only He could orchestrate what is happening. For example: We are prayerfully considering our potential involvement in producing short Spanish christian films. A couple of months ago the Lord brought Arturo Torres and Samuel Lopez in contact with me.

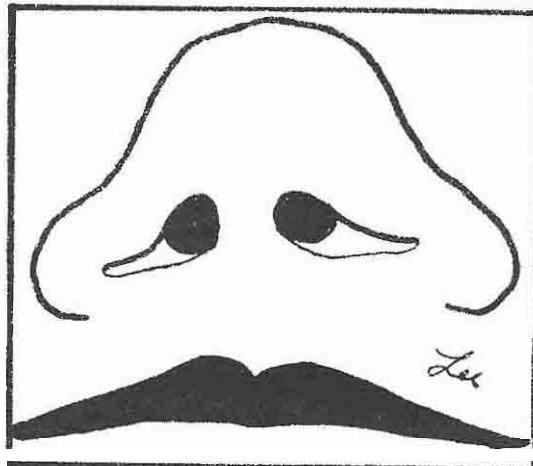

Samuel has produced two short films one of which I used many times to evangelize in villages and ranches. I know the impact these films have had on the unsaved, and have seen many people respond to Christ as a result of them. his two films are being distributed through out Latin America by Spanish House Publishers. I believe in his ministry and want to help him produce more. Pray that God will give us the video cameras and equipment to see the lost saved and trained to be disciples. This is our purpose and goal.

GOD KNOWS: NOSE WHAT?

No nose surgery for Josh until he's 16 years old says Dr. Bunting. One year ago Joshua's face was literally stomped into the ground by a gang of juveniles in Mexico. His nose was broken in several places and his nasal passages are collapsed. This causes reoccurring sinus infections. We had been told by one

doctor that Josh needed surgery which would have cost us a great deal of money because of recent policy changes in our health insurance. Through Bob Curlee, a pastor in Birmingham, we found a plastic surgeon who agreed to do the work for what the insurance would pay. The doctor suggested that the surgery be postponed until his growth rate slows down, giving his facial bones time to form.
