*A letter of appreciation*

Our church leaders were the first to study the video teachings of Professor Miguel Lopez and they learned many interesting things that were a great blessing to them. In this month we are finishing up with 20 students and will begin a second course. We hope to finish victorious because we believe that God will not allow your work to be stopped. There are many brothers that are interested in studying the course including other denominations.

Brother Lee, we are praying that you return to Cuba and see what God is doing. We're waiting. Receive the love of my family and mine particularly. We remember you with gratefulness. Hope to see you soon.

May the love of Jesus Christ our Lord be with you.

Dear Brother Lee,

In the city of Chinandega the Assembly of God churches are training in 17 different locations. In Chinandega El Viejo, the Church of God is training their people in three different locations. A church in Masaya and another two in Boaco and all over the city of Managua groups are using the training videos. Even in our home, we are training pastors, discipling young men & women in leadership from various denominations.

We say goodbye to you expressing one more time how much of a blessing it is for us to be colaboring with you in this manner in the work of the Lord. We are grateful for your help and vision that God put in your life for new leaders. This program is a great blessing. We pray that the Lord prosper you, your wife and family greatly. We are thankful for those who are colaboring with you to make this a reality.

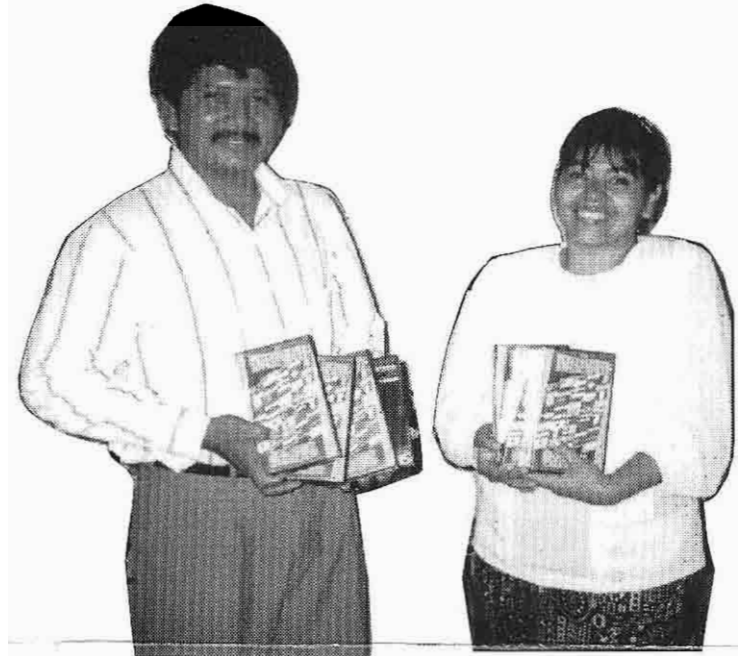

Attentively,  
David Moreno Solis

They've said it better than we ever could!  
Thank you for making this possible.
