San Jose - We were on the air on a brand new TV satellite network, just six months old and already covering North, Central, and South America, the South of Spain and the North of Africa. By January they plan to cover Europe, the Middle East and most of the dark continent. I know I've taken a lot of time to describe the coverage of the Family Christian Network. The reason for this is that we need to pray that God will knit together their hearts with ours in this great outreach ministry.

Jorge and Lorena Gamboa, (our Bible School directors of 'Vida Internacional') and myself did a program with the Anchor / Host / Pastor of the channel, Jorge Caranza. The Gamboa's sang, played instruments and gave testimonies. They sure are anointed to minister on and off the air. All of us shared about our multi media Bible School that is growing throughout Latin America. Our TV Host said he is familiar with our Bible School (We have been on the air for six years in Costa Rica) and that he would like to represent us in his country, promoting our school on the air. He is looking into giving us one hour a day coverage. Pray that his good intentions turn into an explosion of disciples through Jorge Caranza's ministry and the team effort of the Family Christian Network. Immediately after the program, we went into their radio internet booth and did a live talk show about God and government.

We left the studio wiping the make up from our necks, faces and my receding hairline. We got changed and were off, traveling in a subcompact headed for a little island in the pacific ocean right off the west coast. The sky turned black, the temperature dropped drastically and it got cold as lightning and thunder began to break. We had hail falling like golf balls as the lightning intensified and became a constant display of an electrical light show. As we navigated the flooded roads, a tractor trailer went off the side of the mountain. Men were trying to hoist up the remains of the chase in the pouring rain.

We were racing against the changing tide. If we were not there before 6 pm we would miss the last boats until the morning. The drive was so dangerous I asked Jorge to please let us spent the night in a little hotel cabin along the road. In the morning, they put me on a bus so that I could make my next speaking engagement. They went on to the Island. We are projecting this December that 114 students will be enrolled on this tiny Island of 3000 fisherman and farmers.

Here is an opportunity to leave a living legacy. Sponsor the production of a new 10 lesson course for a gift of \$1000 and have your name, your church name or that of a loved one added to the end of the course. With a \$300 Gift and you will be

remembered in the students manual for making the contribution that created their study guide. Your gifts are making this happen. It has been many years since I have seen most you. I have not had the privilege of personally meeting some of our supporters. **If you would like for me to come and minister at your church, or small group, call me at 832-724-1151 or email me at LSMI@houston.rr.com** I would love to come. Thank you for sending me!

Together we touch the World!
