Dear Friends,

"God healed Me!" The phone rang, and Salvador De La Torre was speaking to me with a crackling voice, overwhelmed with emotions and the goodness of God. In between sobs of joy he explained how 3 medical doctors concluded that a divine miracle took place and the scheduled surgery was no longer needed.

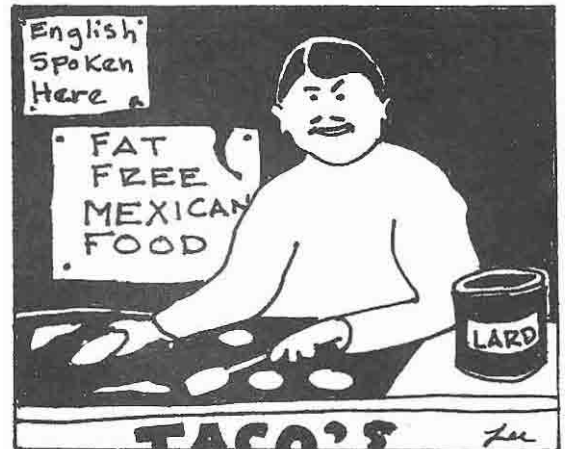

Salvador, a dear friend we have known for 3 1/2 years, had been suffering from a pear shaped hernia 5 inches long by 2 inches wide. The huge opening in the lining of his stomach had been causing excruciating pain especially after eating. For several weeks he had come forward asking for prayer at the new mission church here in Jocotepec. In addition he committed to praying several times a day.

He went in for his final appointment before the surgery and the doctor ordered x-rays. Upon examining them, a second set was ordered to be taken. He studied them, turning them upside down, and flipping them over and then called in an associate to analyze what was before them. They compared them to the x-rays from Salvador's previous visit. With neither doctor believing what they were seeing, they called in a third physician who joined them in their conclusion that the 5 inch hernia closed by itself and

healed shut. They said that this was a miracle of God and that Salvador would not need surgery.

PRAY that the Lord will use Salvador's testimony to bring others into a saving knowledge of the Lord Jesus Christ, and that the faith of believers will be strengthened to receive their miracles.

ON THE MOVE

As the old saying goes, "When the Lord shuts one door, he opens another." God has graciously provided lovely office and production space for the Video Institute in Houston, Texas, along with the opportunity to work closely with Liberty Seminary. This will greatly advance and strengthen our ministry providing much needed educational structure. PRAY for the sale of the ministry center in Mexico which will provide the seed money to help underwrite a two year discipleship training program and aid us to open some schools in major cities throughout Latin America.

We are planning to remain living in Mexico until the sale of the property

Only when our toil on earth is over will we clearly understand the Master's Plan for the Harvest & in that day, we will rejoice over the fruit of our Labor. Thanks for co-laboring with us.
