Some of the Cuban pastors
who called while in the U.S.

Lee and Carol are going on 21 years
together and are still crazy about each
other. In fact, they're just plain crazy!

I was recently struck down by pneumonia and the recovery time took over a month. The illness was brought on from my last ministry trip. Preaching nightly in the tropics, I would break out into a sweat to the point that my clothes were completely soaked. Even my leather wallet had to be opened up and left to dry out at night. The air conditioner in the hotel where I stayed did not have a thermostat to adjust the room temperature. In fact, I haven't stayed in a Nicaraguan hotel yet where there were thermostats on the A/C. I figured it was one of two choices, spend the night sweating bullets, or wake to the chatter of my teeth in the wee hours of the morning. Guess which one I chose? Carol and the Doctor insisted that I cancel my September trip to Nicaragua in order to completely recover, so I did.

Believe it or not, during the recovery time, our ministry of training nationals actually increased! How is that possible? Simply through the principle of multiplication. (The Lord and the media of video are good at that.) First, one Cuban pastor called, then another. They were on brief visits to the U.S. Carol express-mailed several boxes of video courses and five VCR's to train up more disciples in Cuba. Then, a week later, Bob Shaw, a missionary from Mexico who was on furlough stopped by. He already is using our materials to equip new believers in Veracruz and picked up a set of tapes for another missionary in Tamalipas, Mexico. Those tapes will be training 650 disciples in the church that he pastors. Isn't it amazing that when we are weak, He is strong! Pray that the Lord will raise up a great army of Christian workers and ministers through this fledgling effort.

Robin Svec, one of our supporters wrote:

"Today in class one of my students asked why there were no miracles today. When I began to explain about some miracles she was aware of, she said, "No, like the loaves and fishes." Many thanks to Lee for the current loaves and chickens testimony!"

Pray that more disciples are raised up and more souls saved through our Video Bible Training. We will never know in this life all of the people who are strengthened and changed by the Power of God through this ministry. But, when Jesus returns, there will be many more being caught up to meet Him because of your prayers and gifts. We love and Bless You!

In His Service,

Lee & Carol
