El Salvador is a nation of social injustices. The peace in El Salvador is fragile as they are struggling to build a democracy. Their history is the sad tale of oppression, a nation of peasants exploited by militant dictators and wealthy plantation owners. Civil war broke out in 1981 and lasted 12 long years. Over 75,000 El Salvadorians were killed in the crossfire between leftist and the ruling regime.

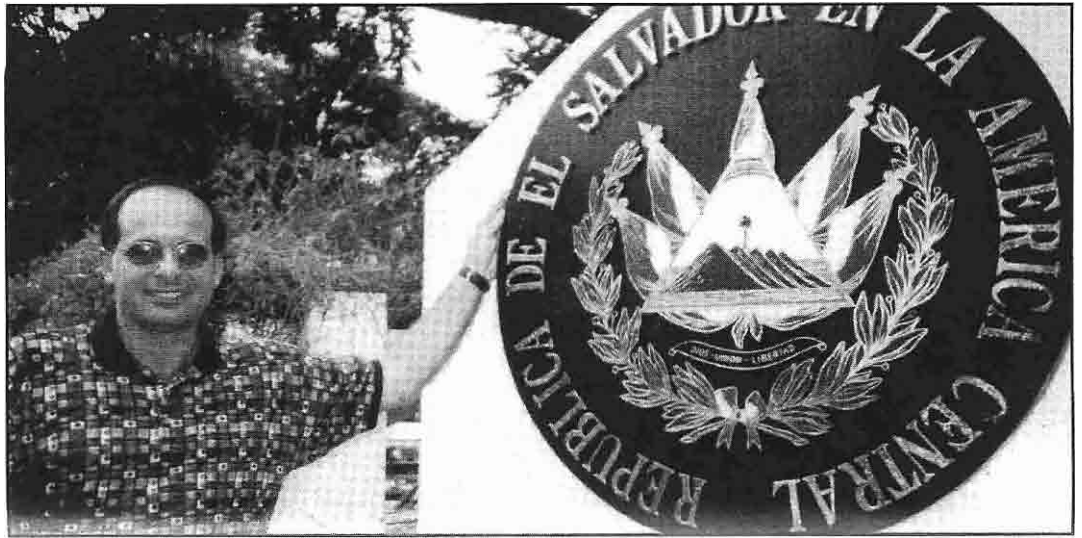

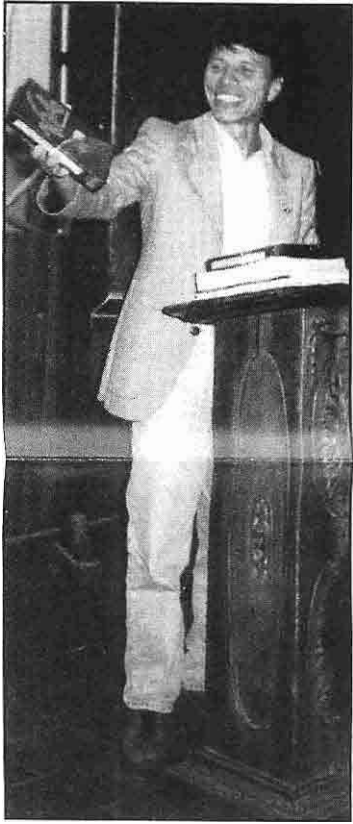

Many citizens also died at the hands of right wing death squads. One man told me that soldiers on both sides seemed to randomly kill for no reason and did it just for the pleasure of watching people die. Many Christians were martyred for their faith and the Church of Jesus Christ grew rapidly during this reign of horror. Now, the nation is slowly being rebuilt. The majority of the masses still live in dire poverty. God has called us at this time to cooperate in laying spiritual foundations here in El Salvador.

The Lord opened a wonderful door for us to address the Nation and introduce our video Bible School – Vida Internacional. Henry Chacon, our representative over Central American accompanied me as we were the guests on TBN in their affiliate studio in the city of San Salvador. Jorge Mera, the station's general manager hosted us on the air. We shared with the Christian community and the general public our mission to help equip them in their faith and help prepare them to do the work of the ministry.

Henry Chacon, our Central American Representative sharing Vida Internacional.

The next day we meet with a group of pastors who watched the TBN interview and we presented them with our materials and Vida's discipleship program. I want to thank you, who are making it possible for me to minister to the nations of Latin America.

We are a team sowing good seed, in good soil and sharing in a GREAT Harvest! You are making a difference!!! There are more Hispanics coming to Christ than any group of people on the face of the earth today. They are in desperate need of raising Christian leaders to lead them and care for their souls. Latin America is the fastest growing harvest field in the history of our planet. Our God is with us! He opens the doors because of you who are praying & you who financial support us. Harvest time is NOW!
