Dear Friends,

Are there really angels on assignment? Do your prayers for protection really make a difference? I'll let you be the judge of that.

I was coming home late on a Saturday night after showing a movie for an evangelistic campaign. It was dark and the mountain road curved sharply. The next thing that I knew, an apparent drunk swerved out of his lane and headed straight for me. I mean, the headlight and the bumper of that truck came within a fraction of an inch of my door.

There was no where for me to go. One side of the road sheared off into a cliff and the other was the side of the mountain from which the road was cut. I braced myself for impact and cried out to God. Honestly, I couldn't believe it. It was as if the truck passed right through my van without colliding.

That same evening, the dog barked all night long. At 5:00 A.M. he went wild. I knew someone or something was in the yard. I ran outside into the dark. When I got to the corner of the house, I saw a thief perched up on the wall. I yelled at him, opened the gate and went for him. Only one thing was wrong, there were two of them. I was chasing them down the stony road, when all of a sudden, one of them pulled out a pistol, stopped, and shot at me. At that exact second, I tripped on my shoe lace. He probably thought he'd shot me. I hit the ground so hard that I could not get back up again. My dog pursued them down the street.

SHORT STUFF

LEE'S GUARDIAN ANGEL
WORKING OVERTIME

Lee & Carol Short

I got up covered in blood. I had rolled down the cobblestone road, and I was almost knocked unconscious. The skin was peeled off my right palm and shoulder. My left arm was laid wide open and I received stitches there and on my right temple. Practically every part of my body was bruised or cut, but thank God, I wasn't shot. I believe my guardian angels were working overtime!

PRAYER REQUESTS:

1. Pray for funds for a telephone. We need one for security, to call for help, and for the business of the ministry. There are no existing lines here at this time and we must purchase a phone from an individual. This could cost between \$1500 to \$2000. Pray that we locate one, and that we can buy it for a reasonable price.
2. Pray for safety as we travel on the roads.
3. Pray for the security of the facilities here.
4. Pray for good health. We fight a constant battle with the resident bacteria and amoebas.
5. Pray for \$13,000 to complete building the video studio and offices.
6. Pray for the super VHS equipment and personnel for running the studio.

We thank God for those angels that He has assigned to us, and we thank God for you who make it possible for us to be here!

In His service,
